Paris is called the city of lights, and what better way to see it than at night. Your personal guide will take you on a night ride through the city and stop at all the best vantage points. At the Trocadero, get the most sparkling view of the Eiffel Tower reflecting off the Seine. Pass by the monumental Pantheon in the Latin Quarter, then on to the Île de la Cité, an island in the Seine, to see Notre Dame and then a magnificent perspective of Paris from the Pont-Neuf. You'll drive down the Champs-Élysées, stopping at the majestic Arc de Triomphe—and if you wish, climb to the top for a superb view of the city. You'll finish at Sacré-Cœur in Montmartre, the highest point in Paris, to see it all in one gorgeous view.
